Fire Chief Colin Colby reported 148 calls to date. He attended the Capital Area Mutual Aid Meeting last Wednesday; advising that Webster's calls are up about 13% over last year. Two trucks will be going to a three-alarm Mutual Aid Drill at 6:30 P.M. on Thursday in Salisbury.

Road Agent Emmett Bean has been piling the winter sand and cleaning around the salt shed. He has been getting the plow trucks ready and has gotten prices on new wing arms, but will shop around for better prices before requesting a Purchase Order. He received a letter from a resident on Concord Drive, noting that the problem has been long standing, explaining some of the issues. He recommended that the Board review the situation, with Selectman Cummings offering to look at it soon. Mr. Bean noted that in the past the shut-off valves were marked but some have now disappeared and requested that someone in the District replace those markers with delineator post that he has. He also advised that he and Sue Roberts had met with the folks from Allstate Asphalt and would be received good information soon for the future road projects.

Mrs. Pinkham advised Treasurer Mary Welch of an ACH deposit at the bank from an ambulance run.

Road Agent Bean spoke with Chief Dupuis regarding the recent damage done to guardrails near the Pillsbury Lake District Club House, probably within the last three weeks. Chief Dupuis has reviewed the situation. Mrs. Pinkham advised that an insurance claim might be filed, but there is a \$1,000 deductible. Further research will be done on the situation regarding the date of occurrence and possible replacement costs.

The gutters at the Town Hall are plugged with debris. Selectman Hashem recommended gutter covers as a more permanent solution indicating that they might be put on when the roof work was done. We will try to find someone to clean them.

7:30. P.M. Selectman Hashem made a motion to adjourn; seconded by Selectman Cummings and approved.

David E. Klumb, Chairman

George K. Hashem
